RESOURCE AUTHORIZATION CATEGORIES

NEW SPANISH LANGUAGE AND CULTURE RESOURCES

This list of Spanish language and culture contains resources that have been authorized for use in Alberta schools. Alberta Learning selects and authorizes the best possible instructional materials for the implementation of approved programs of study. The resource authorization categories are **student basic**, **student support** or **authorized teaching**, and the status is noted for each resource.

Student Basic learning resources are those student learning resources authorized by Alberta Learning as the most appropriate for addressing the majority of outcomes of the course(s) or substantial components of the course(s); or the most appropriate for meeting general outcomes across two or more grade levels.

Student Support learning resources are those student learning resources authorized by Alberta Learning to assist in addressing some of the outcomes of the course(s) or components of the course(s); or to assist in meeting the outcomes across two or more grade levels.

Authorized Teaching resources are those teaching resources identified as the best available resources to support the implementation of programs of study and courses; they may be teacher guides to accompany student resources or teacher professional resources. The authorized teaching guides are listed with the student resources.

The list of these resources is organized alphabetically by title.

Note: Alberta Learning strongly recommends that teachers read all selections in the student resources and all activities in the teacher guides prior to using them with students. Careful consideration should be given to the sensitivities of both the student audience and the community.

OVERVIEW OF PROGRAM OF STUDIES

DEFINITIONS OF PROGRAMS

- **Three-year Program**

The Spanish Language and Culture 10–20–30 program is intended for students who are beginning their study of Spanish language and culture in senior high school.

- **Six-year Program**

The Spanish Language and Culture 7–8–9, 10S–20S–30S program is intended for students who are beginning their study of Spanish language and culture in junior high school.

- **Nine-year Program**

Alberta Learning is assisting school authorities to successfully implement this requirement by developing a variety of nine-year provincial language and culture programs of study with a Grade 4 entry point. Beginning in the 2006/2007 school year, second language instruction will become a required component of the Grade 4 curriculum. A grade per year will be added until Grade 9, resulting in a fully implemented six-year compulsory language program in place for Alberta students in 2011/2012.

The Spanish Language and Culture Grade 4 to Grade 12 program is intended for students who are beginning their study of Spanish language and culture in elementary school.

THE CONCEPTUAL MODEL

The aim of the Spanish language and culture programs of study is the development of communicative competence in Spanish.

Four Components

For the purposes of the program of studies, communicative competence is represented by four interrelated and interdependent components.

Applications deal with what the students will be able to do with the language, the functions they will be able to perform and the contexts in which they will be able to operate.

Language Competence addresses the students' knowledge of the language and their ability to use that knowledge to interpret and produce meaningful texts appropriate to the situations in which they are used.

Global Citizenship aims to develop intercultural competence, with a particular focus on cultures of the Spanish-speaking world.

Strategies help students learn and communicate more effectively and more efficiently.

Each of these components is described more fully at the beginning of the corresponding section of the program of studies.
